Bathtime

For your new world

Bathing your baby and changing their nappy is something you'll do a lot, as a new parent.

We understand that it's important that the products you use are comfortable and practical.

East Coast Nursery invented the foam-filled changing mat in the 1970s, and we're proud to have the next generation of babies still being changed on our premium quality mats.

Changing time is all about convenience, so our changing mats are waterproof, wipe-clean, and comfortably padded.
