Bedding Collection

Welcome to the Silvercloud Bedding Collection

The collection has been specially designed to help you create an individual themed nursery, using 100% cotton with soft-touch fabrics, and a gentle, unisex colour palette.

Adorable characters appear on almost every piece, with printed, embroidered and appliqué details.

Discover matching bedding, blankets and nursery accessories that make perfect baby shower gifts.

This collection was exclusively designed in the UK. Silvercloud is the bedding brand of East Coast Nursery: a family-run business for 60 years, supplying award-winning products for babies.

FURTHER INFORMATION

All East Coast products are rigorously tested, and we work tirelessly to ensure they meet or exceed the applicable British and European safety standards. We are a family-run company based in Norfolk, and we are committed to UK design and manufacture wherever possible.

East Coast Nursery take pride in every product we produce, and we welcome any feedback you have about our products and services - good and bad! Please get in touch via email, phone or social media.

FURNITURE

Your new nursery furniture should be safe, reliable and stylish. The East Coast collection offers outstanding quality and workmanship you can trust, with thoughtful features like under-bed drawers and convertible dressers. We are a responsible manufacturer and work with carefully selected wooden materials from sustainable sources. In a choice of traditional and contemporary styles, you're sure to find something to complement your home.

MATTRESSES

Babies need a lot of sleep, so choosing a mattress is an important part of setting up a new nursery. We offer a carefully designed range of mattresses, with a choice of covers and fillings, to help give your little one the best chance of getting a good night's sleep. All our mattresses are proudly made in the UK.

BATHTIME

Bathing your baby and changing their nappy is something you'll do a lot as a new parent. We understand that it's important that the products you use are comfortable and practical.

East Coast Nursery invented the foam-filled changing mat in the 1970s, and we're proud to have the next generation of babies still being changed on our premium quality mats. Today, the possibilities are almost endless. We work hard to constantly refresh our designs and keep up to date with the latest trends, using advanced printing techniques. Changing time is all about convenience, so our changing mats are waterproof, wipe-clean, and comfortably padded.

Having some nappy-free time every day is good for your baby's skin and can help prevent nappy rash. Keep your baby warm after a bath with one of our soft towelling cuddle robes, made with care to be gentle on your baby's skin.
